Updated 3-20-12

Olde Wadsworth Boulevard Bike/Ped Improvements Project

Phase 3 consists of the full reconstruction of Olde Wadsworth between Marilyn Jean Drive and W. 62nd Avenue, including removal and replacement of curb, gutter, sidewalk and asphalt pavement.

Between March 12, 2012 and approximately March 29, 2012, Phase 3B, includes the removal and replacement of the existing pavement on the west half of Olde Wadsworth from Marilyn Jean Drive to W. 62nd Avenue. Phase 3B also includes milling and overlaying Olde Wadsworth from W. 62nd Avenue to W. 64th Avenue. **During Phase 3B, Olde Wadsworth will be restricted to one-way northbound traffic only between W. 64th Avenue and Marilyn Jean Drive**. All southbound traffic will be detoured to Wadsworth By-Pass or Carr Street.

Between approximately March 29, 2012 through April 30, 2012, Phase 3C will include the reconstruction of the east half of Olde Wadsworth between W. 62nd Avenue and Marilyn Jean Drive. **The northbound one-way only configuration will continue throughout this phase between W. 62nd Avenue and Marilyn Jean Drive.**

Please be aware that during the one way northbound only traffic configuration for both Phase 3B and 3C, RTD bus stops within the work area will be closed. Please contact RTD to find the nearest pick up location.

Please keep in mind this work is weather dependent and the contractor will do his best to minimize any impacts to area residents, business owners and patrons.

Traffic control devices (signs and barricades) will be in place to delineate the construction areas and to allow for access to businesses and residents.

Updates will be posted on this webpage if there are any changes to this schedule.
