

This program is provided at no cost to the homeowner or contractor

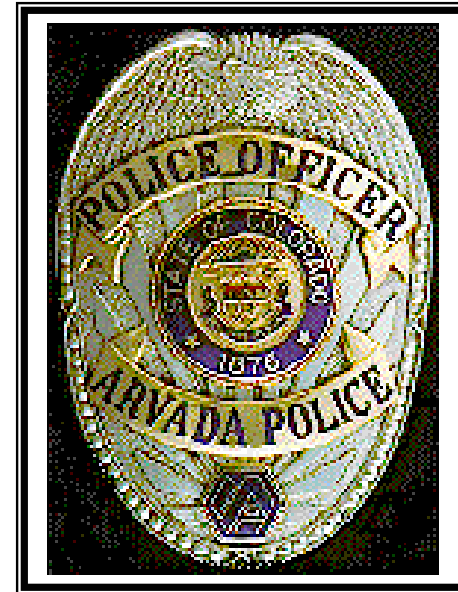

**A program of
The Arvada Police Department
Arvada, Colorado**

For further information call:

Arvada Police Department
Senior Liaison Officer
720-898-6700

Arvada Police Department

Solicitor Verification Program

A "safety net" for homeowners who are solicited by door-to-door contractors, handymen, repair persons, landscapers and others knocking at the door.

To the Homeowner:

Give this brochure to the solicitor/contractor at the door. Request that they fill out the enclosed information and return the form to you. Ask them to leave, then close the door!

If the completed form is returned to you, the **Police Department's Senior Liaison Officer will conduct a check on this person and/or company to verify their information.** Tell the solicitor/contractor returning the form that you will speak with them once this is done and only if you are truly interested.

Do not be pressured into any agreement, verbal or written before the above check is completed. A legitimate "deal" will be just as valid tomorrow as it is today.

If the solicitor is persistent, will not leave, or causes a disturbance, call 911.

Note: The Police Department will make no recommendations beyond the apparent legitimacy of the person/company making the offer.

To the Solicitor:

The homeowner providing you this brochure is participating in the Arvada Police Department's Solicitor Verification program. You are requested to provide them with the following information. This information will then be checked by the police department **before** any "sales pitch" or offer is made by you to the homeowner. Thank you.
