

City of Arvada Water Rights Questionnaire

January 14, 2003

- The Arvada City Land Development Code, Section 3.28.4(B) governs the required sale of water rights to the City.
- Prior to annexation and/or connection to the City's water/sewer system, all surface water rights must be sold to the City at present market value and any groundwater not claimed through an existing well must be conveyed to the City at no cost.
- The City currently exempts existing working wells from the groundwater conveyance.
- Please provide the following information:
