\* The City collects a sewer tap fee, along with connector charges that are paid to the Metro Wastewater Reclamation District. The Metro District charge is between 65% and 80% of the overall sewer tap fee.

Irrigation water tap fees are based on the following schedule:

- Sod at \$1.80 per square foot of irrigated area.
- Non-sod, mulch beds, etc. at \$0.90 per square foot of irrigated area

Impact fees may be assessed against certain properties for City-funded improvements that benefited that area. Please call with a specific address or location to determine if an impact fee would be payable.

The City collects tap fees based on the fee schedule in place at the time payment is made.
