

PLEASE HELP US KEEP COYOTES WILD!

By actively hazing the coyote's in this area you can help the city of Arvada keep the coyotes WILD!

Hazing is negative stimuli that will help re-instill fear of humans thus reducing behavior problems and keeping coyotes wild.

When ever you see a coyote you should use these hazing techniques:

- **Be as BIG and LOUD as possible and stomp your feet.**
- **Use arm gestures to exaggerate your size and voice.**
- **Throw objects (not food) adjacent to the coyote.**
- **Keep your dog on a leash at all times! Pick up small dogs and continue to be loud commanding the coyote to leave.**
- **Never ever feed a coyote or encourage it to come near you!!**

For more information please contact Arvada Animal Management
