This pro-active effort by the City will assist in understanding the travel and parking dynamics of Olde Town and surrounding neighborhoods with the coming of the Gold Line. A plan for parking is necessary so that residents, businesses, commuters and visitors are well served. The study team is seeking thoughtful input from area businesses, institutions and residents on the issues, possible management strategies and recommendations of the parking study. This is the last of three public meetings to take place over the six month study period.

PLEASE ATTEND THIS MEETING AS IT IS YOUR LAST OPPORTUNITY TO BE ACTIVELY INVOLVED. (GET INVOLVED EARLY SO THAT WE HEAR FROM AS MANY PEOPLE AS POSSIBLE)

THANK YOU!
