REQUEST FOR REVOCABLE TEMPORARY STREET CLOSURE

The City of Arvada is providing you with a list of items that need to be completed before a Revocable Street Closure can be granted. Provided in this packet are instructions for filling out a neighborhood petition form, information for obtaining and using barricades for the street closures. Please fill out this packet with all of the appropriate information and mail, fax, or drop off the completed packet to:

**City of Arvada
Public Works Department
Traffic Engineering Division
8101 Ralston Road
Arvada, CO 80002
Fax: 720-898-7755**

If you have any questions regarding this information given in this packet, please contact the Traffic Engineering Division during regular business hours by telephone at 720-898-7740 or at any time by e-mail at: traffic_engineering@ci.arvada.co.us

This is a revocable permit, which can be canceled at any time if complaints are received or City Ordinances are violated.

PROCEDURE FOR REQUESTING TEMPORARY REVOCABLE STREET CLOSURE

The City of Arvada has received a request for a revocable temporary closure of your street. When such a request is received, we believe that the citizens that would be affected by such restriction should be notified in order to advise us if you agree or disagree with the request.

If upon receipt of the petition, a majority of people who reside along the street affected approve of the request, the Traffic Engineering Division will take the request under consideration for final approval. Those not favoring the request will be given every consideration possible.

Attached is a request form with space for your signature, address, and phone number. Please mark **yes** if you are in favor, and **no** if you are not in favor of the above request.

Phone – 720-898-7740 – Fax – 720-898-7755

BARRICADES

A barricade is a portable device, consisting of one to three rails with appropriate markings, used to restrict all or a portion of the right-of-way of a street to vehicular traffic. According to the “Manual on Uniform Traffic Control Devices Millennium Edition,” (MUTCD) a Type I Barricade should be used on a local urban street. The following criteria needs to be followed in order to comply with the standards set in the MUTCD and as adopted by the City of Arvada:

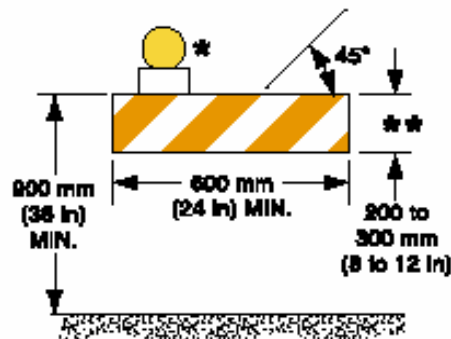

- Use a Type I Barricade
- The striping on a barricade should be alternating orange and white retroreflective striping sloping downward at a 45 degree angle
- A minimum of at least 2 barricades shall be used on each end of the closed street
- If the barricades remain in use during night hours, the barricades shall be equipped with flashing lights
- If the overturning of a sign could be of concern due to wind, sandbags shall be used to hold the barricade in place

At the discretion of the City Traffic Engineer or a designated representative, additional barricades maybe required to restrict vehicular access to the street.

NO OTHER MEANS OF CLOSING THE STREET WILL BE ACCEPTABLE.

Barricades maybe obtained though several barricade rental companies listed in the Yellow Pages of the phone book.

If you have any questions, please contact Traffic Engineering Division at 720-898-7740
