

The Skyline Neighborhood Park is currently being planned. This approximately 15-acre site lies directly south of the southwest corner of the Stenger Soccer Complex which is located on the south side of 58th avenue between Kipling and Ward Roads. The neighborhood has been actively involved in the planning of the park. There have been two neighborhood meetings; one on June 30th and one on July 23rd. Three rough conceptual designs were shown at the June 30th meeting and with the work of the neighbors the concepts are being refined into one preferred plan. Currently, most of the neighbors prefer the 3rd option with revisions. This plan will be shown to the group at the final meeting that will be held in 2-3 weeks. All interested neighbors are encouraged to attend the final meeting. Your input is welcome.
