RE: Grease Trap Waiver Request

Dear Mr. Wyant:

I request that the requirement for a grease trap or grease interceptor located at _____
_____ for _____ be waived.

The justification for this request is based on _____

_____.

The following equipment will be included in the kitchen operations: _____

_____.

I understand that if subsequent sewer inspections indicate that a grease trap or grease interceptor is required to prevent the introduction of grease into the municipal sewer system, the City may require that a grease trap or grease interceptor be installed in accordance with the City's standards at this location at the owners expense.

Sincerely

_____ Title: _____

APPROVAL

In accordance with the above request, a grease trap or grease interceptor will not be required at this time for the above location. In the event that sewer inspections indicate that a grease trap or grease interceptor is required to prevent the introduction of grease into the municipal sewer system, the City may require that such a device be installed at the owners expense.
