

Guide to Arvadapermits.org

Online access to inspections, permits and projects in real time.

Arvadapermits.org is a live view of current building activity for the City of Arvada. As a user, you can research permits that have been issued, look up addresses within the City, review registered contractors and schedule inspections on active permits. A new online feature is the ability to review active Community Development projects.

Public Access:

As a homeowner, arvadapermits.org gives you the ability to review status of permits, schedule inspections and see historical documents.

In an internet browser, go to arvadapermits.org

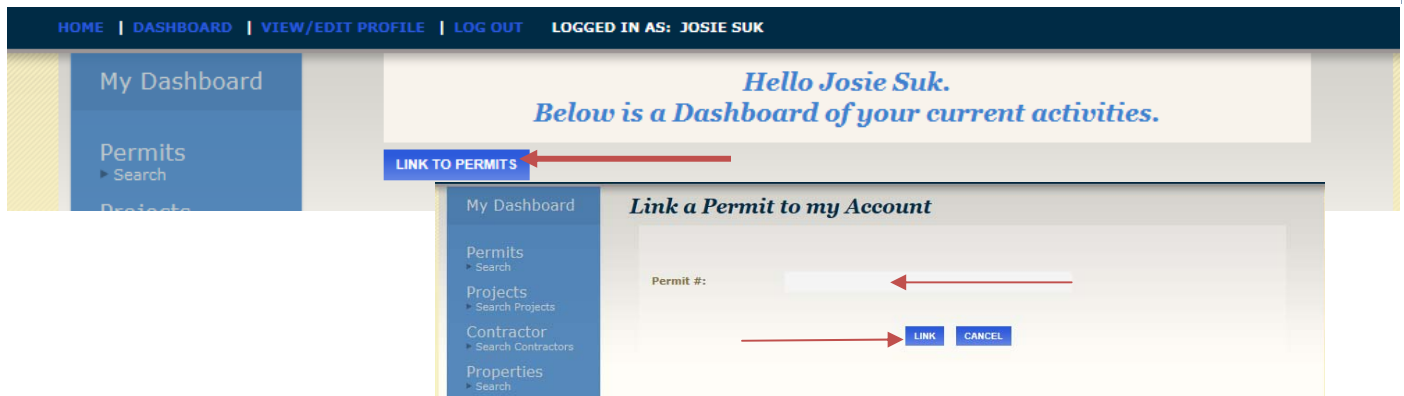

1. Click Set up account
2. Complete all of the required fields

Once your account is set up you will be taken to the dashboard. To see a permit that you recently received you will need to link to that permit. See Linking to Permits for directions.

Linking to Permits for Public Users Only.

As a public user you need to link to the permit that you want to track or schedule inspections on. Once logged in you will see a "Link to permits" on your dashboard. After clicking link to permits, type in the permit number and click "Link". The permit will now appear on your dashboard and you can schedule inspections, view results and see review information.

Scheduling Inspections

When you are signed in as your public profile or as a contractor you will see permits available for inspection on your dashboard.

Select the Inspection Type and the date of the desired inspection. Click add inspection, if needed you can continue to add inspections. Once you have added all of the inspections, Click submit.

Canceling Inspections

On your dashboard, you will see the inspection scheduled under "My Active Inspections", click the red x next to the inspection that you wish to cancel. Inspections can only be canceled before 7:00 a.m. on the day of the inspection, if after 7:00 a.m. please contact the front counter at 720-898-7620.
